PROFILE

I am a 21-year-old Bachelor of Science in Information Technology (BSIT) student at Mapúa Malayan Colleges Laguna. Through my coursework in software development, web and mobile application development, and data operations, I've developed skills to contribute to team projects and find innovative solutions. During my On-the-Job Training (OJT), I was assigned the role of team leader, gaining valuable experience in managing projects and group dynamics. My goal is to deepen my knowledge of IT operations, add value to team-driven projects, and advance my career in cutting-edge technology.
